

*Midnight Country* #with# *Woody Adkins*

**Woody's Weekly Wonderings Lite Edition**  
**October 18, 2006**

It has been one of those weeks. If you listened to the show I was obviously frustrated with the response or lack there of during the Membership Drive. As I said on the show I am going back to the drawing board. I need to try and figure out why I can't seem to motivate regular, longtime listeners to support the show. We ended up not doing too bad and so I hate to make major changes. Yet a lot of the support came from people who rarely or ever call the show, not those I consider regular, longtime listeners. There are two changes I have decided to make. I am going to discontinue WWWs and the Spotlight Artist portion of the show for the time being at least. Both are very time consuming and in the case of WWWs, very expensive to produce. I feel I could better spend both my time and money on other aspects of the show. Thanks for understanding.

Remember It is never too late to support the show and to do your part to keep *real* Country on the radio. The amount is not the point, the thought is.  
Have a good weekend, Woody
